Safe Body Art Act Sect 119314:

The use of disposable, single-use, pre-sterilized instruments shall be kept and maintained for a minimum of 90 days following the use of the instruments at the site of practice:

- (1) A record of purchase and use of all single-use instruments.
- (2) A log of all procedures, including the names of the practitioner and client and the date of the procedure.
- (3) Written proof on company or laboratory letterhead showing that the pre-sterilized instruments have undergone a sterilization process. Written proof shall clearly identify the instruments sterilized by name or item number and shall identify the lot or batch number of the sterilizer run.
